Subject: Teamwork and performance

To Whom It May Concern:

This letter is to commend International Controls Systems, Inc. for the teamwork and quality of workmanship we have consistently experienced from your firm. We appreciated the manner in which you have consistently managed projects, with an eye for the customer welfare, and especially in performing project problem resolution in a timely and cost effective manner.

We have enjoyed the on-going relationship with International Controls Systems, Inc. for the past 3 years. We have found your staff to be exceptional and professional in working with clients. In a business that can be very "cut throat," it has been refreshing to work with ICS where you can both rely on the technical expertise and their professional staff.

We strongly would recommend International Controls Systems, Inc. to any prospective client. If you should require any further information please do not hesitate to give us a call.

Thank you again!

Sincerely,

Mark C. Peterson
